Document III: Perception Questionnaire

Participant identifier: _____

1. Questions about the experiment

	strongly agree → ← strongly disagree				
1. The modeling tasks were easy to complete	1	2	3	4	5
2. I had enough time to complete the tasks	1	2	3	4	5
3. I revised my models many times	1	2	3	4	5
4. I am satisfied with my final models	1	2	3	4	5
5. I lacked information or guidance while modeling	1	2	3	4	5

2. Usability of the environment

In the following questions, the word *"environment"* refers to the **modeling environment you used to complete the Block game**.

1. I think that I would like to use this environment frequently	1	2	3	4	5
2. I found the environment unnecessarily complex	1	2	3	4	5
3. I thought the environment was easy to use	1	2	3	4	5
4. I think that I would need the support of a technical person to be able to use this environment	1	2	3	4	5
5. I found the various functions in this environment were well integrated	1	2	3	4	5
6. I thought there was too much inconsistency in this environment	1	2	3	4	5
7. I would imagine that most people would learn to use this environment very quickly	1	2	3	4	5
8. I found the environment very cumbersome to use	1	2	3	4	5
9. I felt very confident using the environment	1	2	3	4	5
10. I needed to learn a lot of things before I could get going with this environment	1	2	3	4	5

3. Suggestions of the tool

1. I thought specifying the intent to the tool was tedious 1 2 3 4 5
2. I found that this tool helped me finding models matching my intent . . 1 2 3 4 5
3. I felt that the candidates generated from the tool were not useful 1 2 3 4 5

4. Open questions

1. **How did you approach the modeling task? Describe the steps you followed.**

2. **Which part of the task was most difficult, and why?**

3. **Describe a moment when using the tool was helpful. Please detail as much as possible.**

4. **Describe a moment when using the tool was irrelevant or misleading. Please detail as much as possible.**
